2023 VINTAGE READY TO LOVE

A precious Labrador Retriever puppy to love on!

A new friend in the vineyard and at home... YES!

Cuteness overload... YES!

A 100% Labrador Retriever puppy... YES!

This irresistible snuggle pup can't wait to find his forever family at the **16th Annual Harvest STOMP**. Reputable breeder Alex Wojnar resides next to a hunting preserve, so this puppy is already comfortable with the sounds of the great outdoors. **This little boy's AKC-registered parents both LOVE fetch and are incredible with children.**

Labs are friendly, playful and intelligent, with high energy levels, meaning they love extra attention and exercise! Your precious pooch will be taken home safely and delivered to you the next day, so you can kick up your heels on the dance floor.

Also included is a cozy dog bed handcrafted from, you guessed it, a wooden wine barrel! Plus, doggy toys, pedigree papers, and clean bill of health, microchip.

ALL THE LOVE you can handle ... don't go home without him!
